**PRINTED:**

**OCT 28, 2020**

Summary reports of criminal incidents:

- Hacking, Stalking, Targeted Harassment / Intimidation sometimes using hacked data (multiple incidents over a multi-year period)
- Conspired, pre-meditated mafia backed threat of murder (Obstructing justice)
- Blackmail threat to career if I "talk"
- Threats of violence
- Life ruining Defamation

Spring 2015: While living in Hawaii Kai, HI (In chronological order, within a 14 day timeframe):

- I had briefly dated a woman named Erin Ka`ahea Gross, who later changed her name to Erin Rose. Ms. Rose was an activist for Native Hawaiian rights, and was an active participant in the local Deaf Community.
- Ms. Rose informed me that she participates in a secret stalking web service that targets residents of O`ahu, but did not disclose any further information about it.
- Directly after breaking up with me, Ms. Rose made direct references to my public activity from ~24 hours prior at Kahala Mall, and also to my private activity behind closed doors at Outrigger Canoe Club (also ~24 hours prior), but in a manner that obfuscated the fact that this was due to info gleaned from the previously disclosed stalking web service. This amounted to "gaslighting" which is meant to confuse the victim to the point where they question reality, and is intended to cause psychological damage to the victim. I confronted Ms. Rose a number of times subsequent to this to determine the nature of this stalking and harassment but was ignored repeatedly and lost contact with her.
- As a result of being gaslighted in this manner, I chose to move to Haleiwa, HI in mid 2015.

August 2, 2015 (In chronological order, within a 48 hour timeframe):

- I signed a lease at 59-004 Huelo Street, Haleiwa, HI via landlord Eugene Hartmann who lived in the front of the duplex at that address. My unit was a 3br/2ba. I was intimidated into paying for an additional day of rent due to signing the lease a day late: Petty Thievery. Mr. Hartmann told me, "Sign it and pay the full month rent or I'll rent to

someone else” even though there were no other prospective tenants. (This amounted to about \$91 dollars stolen, since the rent was \$2750 monthly).

- Upon signing the lease, Mr. Hartmann disclosed his close personal relationship with the inner circle of the famous singer Jack Johnson through his son-in-law Peter Johnson. Mr. Hartmann also disclosed to me his job maintaining the Haleiwa, HI house of the famous actor Sean Penn and noted the relationships between Mr. Penn and the Johnson family to which Mr. Hartmann was connected.

Early/Mid August 2015 (In chronological order, within a 5 day timeframe):

- Lauryn Cribb, Australian citizen and girlfriend of famous top surfer and Haleiwa, HI native John John Florence, contacted me using email via response to craigslist advertisement for a room for rent, and listed owner of the house (Peter Johnson, brother of famous singer Jack Johnson), and Mr. Florence’s manager Spencer Klein as references.
- I contacted Mr. Klein to check reference of Ms. Cribb, pursuant to room rental.
- I sent a private Facebook message to a man named Andrew Roberts in Pennsylvania who is the owner of a professional audio equipment company called “Purple Audio” for unrelated reasons.
- **(CRIME #1)** I was at Coffee Gallery in Haleiwa, HI, alone on my laptop working as a remote software developer. An obese biker couple sat at the next table and the man said loudly enough for me to hear to his female associate, “Oh, so you’re trying to reconnect with Purple? Spencer will call you shortly”. **(Potential hacking, actual stalking, intimidation/targeted harassment)**
- Mr. Klein called me about 30 minutes after the targeted criminal harassment/intimidation/potential hacking incident from the biker couple.
- I was overcome with fear and paranoia having been gaslighted in a criminal manner by thugs and what I realized later were very likely celebrity handlers performing this criminal harassment on behalf of Mr. Klein. My response was “deer in headlights”, unsure how to proceed with no friends/family in the area, nor resources to investigate or pursue this criminal activity that was clearly performed under the auspice of “Plausible Deniability”, particularly given the large social asymmetry between me (a regular non-famous citizen) and a group of connected celebrities.
- Ms. Cribb declined to rent the room from me.
- Mr. Hartmann indicated to me his perception, in an angry tone, that I “liked” Ms. Cribb, which I firmly denied to Mr. Hartmann.
- Another woman Marian Palacios, employee of Turtle Bay at the time, who was around the same age as Ms. Cribb, rented the room instead and lived there for less than a year; she and I had no issues at all.

September / October 2015:

- I purchased about \$700 worth of artwork from a previous landlord and local artist Heather Anders in person, using cash with no receipt at Coffee Gallery. I had left Ms. Anders rental unit, in which she also resided, in early 2015 due to a dispute, abuse/intimidation and threat of violence that I had received from another tenant who

was closely associated with Ms. Anders. (TAX ISSUE RELATED CASH PURCHASE? CHECK WARRANT AND INVESTIGATION TO CONFIRM MS. ANDERS NAME AROSE DURING BELOW INVESTIGATION BY JAMES YUEN).

Late Nov 2015 (SEE RELATED POLICE REPORT XXXXX [[ TO BE SUBMITTED LATER ]]) (5 day timeframe, in order):

- ATTEMPTED GRAND THEFT / INTIMIDATION / PERJURY TO SECRET GRAND JURY / [[LATER DATE IN 2017 - COORDINATED/CONSPIRED PERJURY]] by YOUNG KWAK of the Hawaii Tax Department.
- INVESTIGATION STARTED BY JAMES YUEN AND HIS PARTNER, A NEW JERSEY STATE POLICE MAFIA INVESTIGATOR WHO KNEW MY CHILDHOOD GAMBINO/LUCCHESI MAFIA CONNECTED NEIGHBORS FROM EAST HANOVER, NJ. I WAS TOLD I WAS GOING TO RECEIVE A "COLONOSCOPY" BY THE NJ MAFIA COP. I DECLINED THEIR INTERVIEW. I TRIED TO COMMUNICATE TO BOTH OF THESE MEN THAT I HAD BEEN VICTIMIZED BY MR. KWAK AND THAT I WAS "AGAINST CRIME", AND INDICATED MY SUSPICION ABOUT THE TEN BILLION DOLLAR RAIL PROJECT BEING CONNECTED TO THIS FRAUDULENT ATTEMPT TO STEAL MONEY FROM ME (AN HONEST TAXPAYER WHO SHOWED UP IN GOOD FAITH TO OBTAIN TAX FORMS AND PAY TAXES).
- (REDACTED - DISCLOSURES TO GOVERNMENT CONTACTS ABOUT THESE INCIDENTS)

Feb 25, 2016 (Day of Eddie surf competition):

- While walking near Waimea Bay, a woman saw me and loudly said to her friend in a tone that was clearly loud enough for me to hear and accurately comprehend, "Yeah, so you bought that artwork in case you run into Heather". I was extremely scared and intimidated by this incident, which amounted to harassment and gaslighting. I was frozen once again "Deer in headlights". This caused additional emotional stress. I did not take a picture of this woman.
- DIRECTLY AFTER, 5-10 minutes later: I purchased food from FOODLAND - PUPUKEA, HI which was extremely packed due to Eddie surf competition.

Feb 26, 2016 (Day after Eddie):

- (REDACTED - LATER EXPUNGED - HONOLULU SHERIFF)

Feb 27, 2016 (Two days after Eddie):

- PATROL CAR OUTSIDE OF MY HOME AT 59-004 HUELO AT NIGHT

Feb 28, 2016 (Three days after Eddie):

- (REDACTED - LATER EXPUNGED - HONOLULU SHERIFF)

Late 2015 - Late 2016:

- Eugene Hartmann and Rita Hartmann engaged in a pattern of snooping on me and my roommates, which was later reported to me by at least one of my roommates. This

included verbally stated, extremely disparaging remarks about Ms. Palacios's private activities, said verbally, at which time Ms. Palacios was walking by and overheard the remarks. Shortly after this, she moved out. The other roommate, a man with whom I am still friends and who was introduced to me by Ms. Palacios.

- I verbally reported to Mr. Hartmann that someone may have been hacking his close friend Spencer Klein's phone back in August 2015, and that perhaps people were hacking and stalking/harassing me in a manner that was oppositional to the interests of Jack Johnson / Spencer Klein / Peter Johnson / Lauryn Cribb / John John Florence. I was met with friction and denial and was told "NOTHING HAPPENED!" It was at this point that I suspected that the criminal stalking/targeted harassment/intimidation/potential hacking was actually perpetrated by the Jack Johnson inner circle, against me. I remained in extreme fear for realizing my social status was insufficient to stand up to this criminal behavior.
- I briefly rented rooms to a few young adult women approximate age 19 - 27 who engaged in incidents of deception, including a few women trying to move in without paying any rent at all, breaking house rules, etc., and from which it was clear false rumors were spread in retaliation. (For instance, another later male roommate made comments alluding to these rumors, made references that "we are watching you" and other intimidating comments).

2016 - 2017 (Exact dates unclear, in strict chronological order):

- I verbally reported the incident with the obese biker couple to members of the tech community in Honolulu, HI at HiCapacity at Manoa Innovation Center, which was met with significant skepticism.
- A Filipino man, who I did not recognize, sat next to me at Down To Earth, Aiea, HI, and said to his friend out of context very loudly so I would hear, "Stay away from Jack, Ok?"
- About 24 hours later, I said loudly from my side of the house at 59-004 Huelo Street, so Eugene Hartmann would hear, "Why are people connected to celebrities stalking and harassing me??"
- About 24 hours after that, I was invited to have drinks with Eugene and Rita Hartmann in their unit at the same address 59-004 Huelo.
- Eugene Hartmann bragged to me that his family was connected to Da Hui "MAFIA".
- Eugene Hartmann then told me a story about his son-in-law Peter Johnson "breaking someone's arm" who got out of line.
- **(CRIME #2)** Out of nowhere, and without any context, Eugene Hartmann says to me quietly and calmly, "Stay away from Jack", after which Rita Hartmann immediately followed up with, "Or you'll get whacked." (WHACKED = mafia slang for murder). (Murder / Blackmail threat / Obstructing Justice)
- I was scared and frozen. I initially thought that this was a "Conditional Murder Threat" based on some secret idea that I was somehow trying to "get close" to Mr. Jack Johnson, which was absolutely not the case, but I didn't inquire further to Mr. Hartmann out of fear.

- The next morning, Mr. Hartmann confirmed to me, once again in a verbal fashion, that he and his wife Rita did in fact say the murder threat verbally the previous evening, so he 100% definitely remembers he and his wife conspiring to issue the threat.
- It was not until years later that I realized this was "BLACKMAIL" to try to silence me from reporting the incident with the obese biker couple at Coffee Gallery, Haleiwa in mid-August 2015.
- I reported the mafia murder threat to Audrey Stanley who told me that it was "No big deal" and not worth reporting, while she concurrently communicate to me racist/nepotistic remarks to try to intimidate me to leave the state in large part based on her inability to adequately defend me against the false accusations (REDACTED - SEE RELATED POLICE REPORT).
- This left me extremely scared and frozen and suspicious of corruption or "lenience" / "looking the other way" between celebrity-connected folks (I stated to Ms. Stanley that the murder threat was stated on behalf of Mr. Jack Johnson, the famous singer), and continued to build upon "LEARNED HELPLESSNESS" via this pattern of being criminally victimized, bullied, intimidated, and being let know that I was not going to receive help for these criminal incidents.
- I ended up using the rest of my savings to retain another attorney (NAME REDACTED) who initially told me he was "At the Eddie sitting front dead center in the box seats, and knew the Priest / main Uncle of the surf competition" (potential conflict of interest).
- I later verbally communicated to the same attorney, the above criminal incidents. I stated my desire to use these incidents as part of my defense for "acting out" while being victimized by "YOUNG KWAK". This appeared to be part of a pattern of "looking the other way" due to the celebrity connection of the perpetrators of the murder threat. I was consistently concerned about "retaliation" against me also due to the celebrity situation and my attempts to gain legal help. I was met with resistance and skepticism and told that the incident of being hacked/stalked by the obese biker couple was not going to be part of a valid defense since it was a few months prior to the Nov 2015 incident with Mr. Kwak. I reported the conspired mafia murder threat as well at which point the attorney looked at me with extreme skepticism and declined to offer any guidance whatsoever with this criminal conspired mafia murder threat. (DETAILS IN RELATED POLICE REPORT)
- The trial was finally scheduled for July 2017 in early 2017
- In May 2017, I made the decision to "Go Homeless" before the trial in order to survive as I was out of work and under extreme fear and "LEARNED HELPLESS" due to this pattern of criminal activity perpetrated upon me, and corruption / ineptitude at every turn.
- Prior to moving out, I loudly said outside the window of Mr. Hartmann, "I am going to tell EVERYONE about all the scumbag garbage you and your scumbag friends did to me."
- As I was moving out in early May 2017, I was contacted by a well-connected acquaintance who alluded to possible violence that would be inflicted on me, if I didn't move out by the agreed-upon move out date. The same man later denied communicating anything in this regard to me, so there may not be anything to investigate on this end, if he will not comply to disclose, or if I was mistaken.

- While homeless and under stress from sleep deprivation, and at a court hearing related to above matter, I blurted out loudly so everyone in the courtroom (mostly civil servants, baliff, Judge, Prosecutor, etc), "SPENCER KLEIN!"
- About 48 hours later, Marian Palacios texted me to "follow up" as I had run into her a few weeks prior. She had relationships with the surf community and I was unsure if this follow-up was an attempt to gain insight into my blurting out "SPENCER KLEIN" so I ignored the contact and have not communicated with her since then.
- Date unknown: I sent an email to myself using my [PAUL@GTCODE.COM](mailto:PAUL@GTCODE.COM) GOOGLE HOSTED EMAIL ACCOUNT due to suspecting that I was being investigated related to the false accusation from YOUNG KWAK. I wrote "DROP THE CASE!" in an email to myself as a message to the people who were snooping on my email at the time. This was done in early morning perhaps 6:00 AM HST. A few hours later I stopped by "Chun's" surf spot and a man got out of the water with his female partner, saw me and said loudly, "NO, WE AREN'T DROPPING IT".
- In Kapolei, HI - outside of Down to Earth, while the Dunkin Donuts was being built, a construction worker walked by me while I was alone and loudly said to me "SPENCER" with no context.
- There were other harassment incidents for which I do not recall the details, but by this point I was compelled to report this to the FBI, out of fear of not knowing who to trust in the Honolulu Police Department. I did \*NOT\* report the mafia murder threat but did allude to this ongoing pattern of incidents but was met with resistance as the FBI (at the time) did not get involved in small criminal activity. In retrospect I should have been extraordinarily clear to the FBI receptionist that this was related to the HACKING/STALKING/TARGETED HARASSMENT and MAFIA STYLE CONSPIRED MURDER THREAT issued to me. This may have elicited a better response.
- June 2017: After moving out and while homeless and extremely stressed with sleep deprivation, a man named Kevin (last name unknown) who I had met one time before in Haleiwa, approached me directly outside of Kahala Whole Foods.
  - I was previously attending classes for Computer Science at UH Manoa in 2016/2017 but dropped out around May 2017 due to stress of delays in resolving my upcoming trial.
  - I stated to this man Kevin that I was continuing my education at UH Manoa for computer science but did not disclose to him that I had already dropped out for the semester.
  - Kevin told me to drop out of UH Manoa permanently.
  - Kevin, a tall, haole, clean cut environmental activist with perhaps a German ethnicity, told me that he was from the NY area, perhaps associated with Cornell, that he was a technologist as well, and **that he was "close friends with Jack and Kim Johnson" pursuant to environmental activism.**
  - Kevin told me that Peter Thiel, the founder of Palantir who provides Law Enforcement Tools nationwide and is a close associate of President Donald Trump, would recognize his face. Kevin did not disclose the nature of his relationship with Mr. Peter Thiel.
  - Kevin informed me of his disdain for President Donald Trump

- After describing the tech startup I was building at that time, Kevin told me to quit the startup and that it would fail.
  - Kevin told me about an incident whereby he was arrested in Los Angeles and placed in restraints while on illegal drugs, which seemed dubious to me at the time (**ALLUDING TO BLACKMAIL CONTEXT - REDACTED / SEALED - 1995 NEW JERSEY**)
  - (**CRIME #3**) Kevin told me that if I “talked about what happened on the North Shore” that I would “never get another job in this town again”. (**BLACKMAIL / OBSTRUCTION OF JUSTICE**)
- June 2017: At a hearing in Honolulu, HI for my upcoming trial, I loudly blurted out the name “Spencer Klein!”. This was done in a half-hearted, fearful effort to try to report the pattern of criminal activity perpetrated against me (and associated “incompetence” from people to whom I was reporting these incidents) in the previous years leading up to this.
  - July 2017: Trial while I was homeless, result: (conspired perjury between Young Kwak and James Yuen, prosecutorial shenanigans, complicity from my attorney) -- Hung Jury, then charge dropped a day later, \$2,000 bail returned, then matter was later expunged on my request and letter containing false allegations removed from Honolulu Tax Website.
  - August 2017: I received a phone call from Gene Hartmann who told me that there was a robbery at the Paalaa Rd, Haleiwa building that Gene had previously allowed me to use to play drums. He interrogated me informally and indicated that he thought I was a suspect and he told me that he told the Honolulu Police Department that I was a suspect, and told me to “watch my back”. I was nowhere near this incident at all.
  - Sept 2017: Possibly unrelated, but part of a pattern of ongoing multi-year stalking/harassment/potential hacking - (ALA MOANA SHOPPING CENTER, OUTSIDE ISLAND BREW - STALKING/HACKING/CORPORATE SABOTAGE/INTIMIDATION - CONTACT ERIC BRYANT of the NATIONAL SECURITY AGENCY to whom I reported this incident a few months later while participating in a UH Manoa affiliated NATIONAL SECURITY AGENCY reverse engineering competition).
  - October 2017: Four women at Coffee Gallery, one with a USAA card (indicative that she was either military, or family of military) saw me. One woman in the group said loudly as she walked by me so I could hear it, “so, I spoke to Spencer, and he said ‘who?’ ” At this point, she and one of the other women snickered and continued on by me and sat down at a table outside of the screened seating area in the back. This was said totally out of context and was clearly meant to brag to me about the social status asymmetries and the ability for these folks to commit crimes against me and continue to intimidate me into silence. I took a picture of the four women with my smartphone.
  - The next day or so, I sent the picture to Eugene Hartmann in a silent effort to let him know that I was not going to take this criminal intimidation any further, but am not sure if he received it since he did not have a smartphone at the time (CHECK MMS DATA - 808-861-6266 to 808-224-0773).
  - After years of being gaslighted and victimized by these various crimes, by the false accusation, the lack of help when reporting these incidents (AT NO TIME DID ANY

ATTORNEY OR ANYONE ELSE ADVISE ME TO REPORT THESE CRIMES TO THE POLICE, AND I WAS ALSO EXTREMELY SCARED OF RETALIATION WHICH WAS DIRECTLY COMMUNICATED TO ME IN THE BLACKMAIL THREAT BY JACK JOHNSON'S FRIEND KEVIN), and fraud/perjury in the courtroom, I was broken down and helpless, and remained homeless until spring 2018.

- Spring 2018: I received a phone call while at Coffee Gallery, HI from my sister. She informed me that our father had just passed. I started crying and left Coffee Gallery, which the locals saw.
- Later that day, while privately discussing the death in my immediate family, I sent a private iMessage to my childhood close friend/neighbor CHRISTOPHER DOSCHER (808-861-6266 APPLE ID: [appleid@gtcode.com](mailto:appleid@gtcode.com)) to 973-714-0213) (see above reports about connection to GAMBINO/LUCCHESI - check google) referencing the incident where Eugene Hartmann was ostensibly trying to continue to intimidate me with a false accusation related to the Paalaa building theft. The building was owned by Mr. Hartmann's close friend with the name "HENRY". I texted Mr. Doscher that I had received this intimidation and mentioned the name "HENRY" in the text message.
- **(CRIME #4)** The next morning I was alone at Coffee Gallery, still homeless and distraught from the death of my father. Upon arriving, the regular locals sitting outside of the screened seating area started laughing at the top of their lungs when they saw me, which I ignored and was confused by, but suspicious they were intimidating me about my crying about the death in my family the day prior. They left. Shortly thereafter, a haole woman came into the seating area, alone. She sat close to me at another table. There were only a handful of people in there at the time, and nobody was talking. She was \*alone\*, \*on her phone\*, and said loudly with absolutely no context, "OK, HE'S LISTENING NOW. HENRY." She said nothing after that and appeared to hang up the phone. **(hacking/stalking/targeted harassment, intimidation)**
- (JOB OFFER - PREMIER OF HONOLULU - CLEARANCE JOB WRITING SOFTWARE FOR US NAVY WAS TO START JULY 1, 2018 on my 40th birthday).
- JUNE 30, 2018 - KAPIOLANI PARK. I was sitting at a bench alone contemplating my new career as a civil servant for a military contractor, aware of the background check that was almost certainly in progress by that point. A LOCAL CHILD WITH A TAN COMPLEXION AROUND 10 YEARS OF AGE, WHO WAS WITH HIS FATHER, RAN BY MY BENCH AND YELLED OUT THE NAME OF MY GODSON, CONTINUED TO RUN BY ME AND TURNED AROUND AND RAN BACK TO HIS FAMILY.
- EARLY NOV 2018 - YOUTUBE - DOUG DOSCHER SUICIDE (REDACTED)
- LATE NOV 2018 - WAIMANALO PUBLIC UTILITIES - AT&T LOCATION DATA (808-861-6266) CONTACT ERIC BRYANT AT NATIONAL SECURITY AGENCY
- DEC 2018 - REDDIT (REDACTED)
- MAR 2019 - GOOGLE / KAPOLEI / DOUG DOSCHER SUICIDE FROM NOV 2018 (REDACTED)
- Oct ??, 2020 - CONTACTED THE FEDERAL BUREAU OF INVESTIGATION USING FBI.GOV CRIME TIP WEB FORM AND DISCLOSED THE MAFIA MURDER THREAT DESCRIBED ABOVE FROM EUGENE AND RITA HARTMANN OF 59-004 HUELO ST

- OCT 15, 2020 6:30AM - SENT TEXT MESSAGE TO HONOLULU POLICE OFFER AT 808-397-0186 DETAILING THE MAFIA MURDER THREAT, THE BLACKMAIL THAT HAD EFFECTIVELY SILENCED ME OUT OF FEAR OF RETALIATION TO MY CAREER REPUTATION, AND DISCLOSED THAT I HAD CONTACTED THE FBI
- OCT ??, 2020 - Haleiwa, HI Kai'eka Park - Was told by convicted felon who was on probation Kai Kanea'Kua, who admitted to me that he dealt in methamphetamine while on probation, and admitted that he was connected to other drug dealers and criminals, that he was going to hunt me down and inflict violence on me, after a disagreement whereby I tried to help him with food and life advice. Was further told he would show me his "dark side". Mr. Kanea'Kua also asked me if I "liked young girls". Mr. Kanea'Kua also asked me if I knew where to get guns. Mr. Kanea'Kua also showed me his unregistered, loaded firearm.
- OCT ??, 2020 - Mokuleia, Kai Kanea'Kua was stranded on the side of the road. I tried to give his truck a jumper cable, which didn't work since his jumper cable was damaged and was about to cause a fire on my vehicle battery. Mr. Kanea'Kua asked me to push his car to try to push-and-start and I said no and started to leave. Mr. Kanea'Kua then started to ramble again at which point I reminded him loudly not to threaten me again and told him that I didn't need any more problems.
- **(CRIME #5)** October 25, 2020 - 5 PM HST - Kai'eka Park, Haleiwa, HI - A man named "BAM", who I did not recognize, Hawaii license plate RXG894 - lifted dark color Ford Expedition approached my vehicle and told me "I seen you around. Why you take pictures of me". I told "BAM" that I don't know him and that I had not taken any pictures of him. He then told me that he knew where I stay (I am homeless living out of my truck in Mokuleia, which the Honolulu Police Officers are aware of) and said he was going to hunt me down and inflict physical violence on me. I told him not to do that. He got out of his truck. I called 911 at that point. He tried getting me to fight at which point I was backing away from him to maintain distance. He then drove about 50 feet toward the bathroom where there were many unrelated witnesses. I have a witness of this event and it was recorded on the 911 call. The man yelled out to a crowd that I am a "pedophile", repeated this a few times. I had to loudly inform the crowd that this was false, and that this was likely retaliation for my recent disclosure for the events of previous years regarding blackmail and murder threat from the Jack Johnson celebrity "mafia". "Bam" drove around the circle and continued to yell. I walked to the other side of the circle while still on the 911 call and informed "BAM" to not leave because 911 was coming. He continued to try to challenge me to fight, and got out of his vehicle and approached me, at which point I backed away and informed him to stay back but stayed on the 911 call. Bam started to drive away, and I yelled at him to not leave. He pulled over and stopped and the Honolulu Police Officer arrived. I pointed to "BAM" so the police officer could question "BAM". 1) HPD officer interaction with "BAM" and his friends (REDACTED). 2) HPD officer interaction with me (REDACTED). 3) I asked the HPD officer to (REDACTED). HPD officer (redacted). 4) HPD officer interaction/non-interaction with the crowd of people who witnessed the defamation (REDACTED).

- After the police officer and “BAM” left, I called 911 back to get info related to obtaining shelter for the night, as I was under threat and did not receive a police report related to this incident. I was given contact info for Honolulu Police Department, Branch: (REDACTED), Honolulu Police Department, Branch: (REDACTED), Homeless shelters which were full. I am still sleeping out of my vehicle and homeless.
- On the evening of Oct 25, 2020 I approached HPD officer “Tim” in Honolulu and informed him of my experiences and he was sympathetic.
- On the evening of Oct 25, 2020, I drove to Honolulu Police Department headquarters in downtown Honolulu and informed the officer at the gate about my need for shelter, and he provided good advice on what to do for the night. I ended up back at Mokuleia.
- I need to obtain a restraining order against “BAM” as I am in fear at this time of being attacked, having my vehicle damaged, or met with physical violence or murder. I need to file a civil lawsuit against “BAM” for defamation. I need to understand what connection, if any, there was, to my disclosure of the mafia murder threat and blackmail to this defamation, and understand if there are false rumors going on behind my back. I have been witness to looks, sneers, and other comments in the past and suspect someone has defamed me behind my back previously, and that Mr. Kanea’Kua and “BAM” were propagating false defamation that may have stepped up to “make good” on the blackmail threat as stated by Jack Johnson’s associate “Kevin”.

Please note: I had to completely dismantle my life to stand up to this. The variety of ongoing incidents described have caused immense psychological stress and worn me down, through the variety of threats and gaslighting. I am now out of work with an uncertain future anyway, and therefore I am now less fearful to stand up to these crimes, specifically the blackmail threat to my career. As such, the retaliation was expected, yet I was uncertain of what retaliation to expect exactly. I need to get closure here as my name has been horribly defamed and I’ve been the victim of too many threats: of conspired murder, blackmail, physical violence, and the various hacking/stalking incidents. The incidents related to the Honolulu Tax Department are tangential and related to a separate matter, but may bear some connection in terms of people “looking out” for each other, in terms of the “Jack Johnson” inner circle, relative to any civil servants or contractors handling my matter with the Honolulu Tax Department and HI State Attorney General office.
